* Eligible for telework per criteria outlined in the HCEA negotiated agreement (Article 18; Section N):

HCEA members are eligible for telework during the professional work days designated for grading and reporting at the end of the first, second and third grading periods, and on the day of the Maryland State Education Association Convention, if that day is a duty day for teachers.

a. The principal will determine which positions, if any may need to be on site for all or part of the day to support other professionals in the building or to fulfill their professional responsibilities.

b. With the approval of the Principal, school-based educators who have demonstrated the ability to meet their professional responsibilities, including grade submissions according to Board policy may telework on the professional work day at the end of each of the first three marking periods.

c. First year teachers will be required to work on site for the first two marking periods on these days.

d. Upon request a written rationale will be provided by the supervisor to any educator whose request to telework is denied.

e. Items a-d above do not apply to the MSEA Convention Day.
