

OUR KIDS DESERVE SCHOOLS IN OUR COMMUNITY

LET'S USE OUR VOICE TO MAKE SURE OUR STUDENTS GET THE FUNDING THEY DESERVE.

Our schools are underfunded. Our students have growing needs. An out-of-date funding formula just doesn't address the needs of our students and schools. The Blueprint for Maryland's Future means \$1.1 billion for valuable student programs and increased salaries and staffing over the next three years. But that's just a start.

Our kids, our schools, and our community need YOU at our Blueprint for Maryland's Future Community Forum. Your voice matters.
